## THOUGHTS FROM THE REIGNING QUEEN

Where do I begin? A year of serving that has enriched my life! Fun parades, Fall Festivals, McDonald's Bingo, Senior Centers and Assisted Living facilities with singing and playing the piano for ALL to enjoy, Meals on Wheels, radio spots, Senior Center activities and more!

I have met so many kind and sweet people along the way who have been so encouraging to me -- and so many kind words have been spoken. The excitement of people and kids, especially when they see the crown, they just light up! They want pictures taken with me. I am humbled.

A great year it has been because of great people to help. Thank you to the Randolph Senior Adults Association staff. To Jill Jackson, my "manager" as she came to be, thank you! Thank you for the fun times, all that you did for me, and getting me where I needed to be! To all of

the former Queens, thank you for taking me in and supporting me! To my husband, Jerry, thank you for all you've done during the year! Driving "Ms. Kaye" to places and helping me in any way you could—I could not have done it without you! Much love.

I urge you to get involved with your local senior center. There is so much for seniors to do and more to come! I plan to continue singing and

playing wherever and whenever I can for God's Glory and "Letting My Little Light Shine". Music is truly universal! For those with Dementia and Alzheimer's—and all who hear and sing—music truly gets the hands and feet moving and adds joy for a while! I love doing what I do!

## FROM FRIENDS AND FAMILY

Dear Gayle,

What a treasure you are to me! You and I have shared the span of our entire lives. I'll always remember the joy and fun my entire family experienced when you visited my house. You could make our piano totally "rock!" As you ripped through your "Elvis renditions," we would either sing along or dissolve into laughter. As a result of a life full of memories, you hold a very special place in my heart.

Gayle, I would not be the person I am today if our lives had not been so entwined. As children and young adults in school, church and scouts, our activities and adventures were many. As adults, we also shared careers by teaching in the same school. Life involves both joys and sorrows.

Together, we have experienced it all!

Gayle, you are such a good example for me. Through your program participation at the YMCA and Senior Games, you have shown me how to "age wisely." Through your zest for physical activity and your use of your talents, your life is all about how to keep living even though "youth" has left us behind! I am so proud of you and proud to be able to call you my friend!

I love you!

Mary

Gayle!  
Thanks for being a schoolgirl friend!  
Love Frances Winslow

Dear Gayle,

Best Wishes with the PAGEANT.

I feel sure, considering all of your talents and energies, that you will do extremely well!

Love,
